MESSAGE, FROM THE DESK OF PRESIDENT ACRSI

Dear friends, colleagues, and esteemed members,

This is my second year as President of ACRSI. I am thankful & grateful to my executive team, who have put all their efforts into organizing various academic events and patient awareness programs in their zones. With your hard work, ACRSI has bagged the ASI BEST Section award four consecutive times.

I hope you will continue to work with zeal and dedication and give your best to ACRSI and our people. ACRSI has conducted some International events, and the ACRSI team has participated in International conferences like ISUCRS in Turkey with reasonably good participation in academic programs. I hope and wish that not only my executive team but even members and fellows achieve such heights and become the torchbearers for us. I feel really proud of you all. I feel thankful and happy to write about Dr. Niranjan, Dr. KumKum Singh, and Dr. Parvez Sheikh, who have been providing valuable guidance from time to time.

Dr. Pradeep Sharma is going to take over in September. He is a man of great caliber and knowledge. I wish him all the best for all his programs, as President Dr. Kushal has worked quite hard to organize various academic activities of different types with a twist and deliver office duties to his best. I am indebted to Dr. Roy, who has been a continuous source of discipating knowledge. ACRSI is proud of you. By the grace of God, we were able to conduct a fellowship course, an examination, and even our national conference in physical mode with great success. We also restarted National and International traveling fellowships, including one new certified fellowship course in China. We have also worked hard to get some recognition for our specialty at the National level. The paper work is almost done, and I am sure colorectal surgery will get recognition soon at the National level. Multicentric trials are going on, and I am quite hopeful for a favorable outcome. The next elections are coming. I request all the members to actively participate in voting to give the best possible experience to our society. We shall continue to deliver our best until the next team takes over. I request that you kindly work actively and with dedication to take our society to further heights.

LONG LIVE ACRSI

MESSAGE, FROM THE ACRSI SECRETARY'S DESK

Dear Friends,

It's my proud privilege to bring out this News letter with a bird's eye view of the Scientific Activities and Programs hosted by the enthusiastic members of our Association from Sept 22 to February 23. Team ACRSI has been on a mission, conducting programs on a war footing across India. It all started with ACRSICON 2022, 22 to 24 Sept 2022 - led by Dr. R K Jenew (Org. Chairman), Dr. Rajendra Mandia (Org. Vice Chairman), Dr. Shalu Gupta (Org. Secretary), Dr. Bhanwar Lal Yadav (Org. Secretary), Dr. Prabha Om (Operative workshop) and Dr. Pradeep Verma (Org. Treasurer), held at the prestigious B.M. Birla Auditorium, Jaipur. The Conference was of the highest order. Many discussions were initiated by the floor of the house. The highlights of the conference were the Colorectal Cancer sessions designed by Dr. Avinash Saklani, where the hall was packed to its capacity and secondly ACRSI's new initiative to give opportunity to six Fellows to present their original work at ACRSICON, on the topic of their choice. Many illustrious speakers enlightened the delegates with their vast experiences including Dr. C Palanivelu, Dr. Ding (China), Dr. Jonna Somones, Dr. G Siddesh, Dr. Nisar Chowdri, and Dr. Niranjan Agarwal.

From October 27 to 29 2022, Team of 70 ACRSI members attended the 31st ISUCRS conference held at Istanbul Turkey. Dr. Nisar Chowdri delivered the ACRSI Presidential Oration, Dr. Parvez Sheikh delivered the Parks Oration, invited talks by Dr. Kushal Mital, Dr. Niranjan Agarwal, Dr Pradeep Sharma and Dr. Yogesh Palshetkar. Many E-posters and Papers by Team ACRSI presenters including Dr. Avinash Saklani, Dr. Sanjay Singla, and Atef Bakza. ACRSI Members did a 2-group tour, pre and post conference. We toured Istanbul, Cappadocia, Pammukale and Antalya. A memorable journey of ACRSI members taken together.

October 30, 2022- the first 2 -day Colonoscopy training module was organised by ACRSI with Dr. Easwaramoorthy as the program Director, training 20 aspirants, and winning rave reviews. Hopefully this may be the first of many more such programs in the future.

On November 13, Association of Ahmedabad Surgeons with Team ACRSI conducted Proctology Masterclass including Operative workshop and talks, with national faculty comprising of Dr Ashok Ladha, Dr Niranjan Agarwal, Dr Parvez Sheikh and Dr. Pradeep Sharma. The program was hosted by Dr Ajit Kukreja, Dr Rajesh Shukla and Dr Pritesh Patel. On the occasion of World Piles day on 20 November, ACRSI had many out of the box programs, led by South Zone Vice President Dr Kannan. With lot of fun fare, a Cyclothan and a Walkathon was organised y Dr. Jaspal Tehalia at Vijayapur Karnataka in which 76 surgeons participated enthusiastically donning yellow T-Shirts with the slogan of 'Piles to Smiles embossed.

An original idea, with spread of awareness message. This year, 2023 we should have the same in at least 20 cities, to spread the message of prevention of hemorrhoids. In fact, Chennai also conducted a large Walkathon led by Dr. Kannan and Dr. Kanagavel, with Dr. Krishna Rao gracing the occasion. It was well covered by media both in papers and the news. Radio Message by Team ACRSI, wherein 30 surgeons across India gave educational message for prevention and treatment of Piles. Each Radio message lasted 60 seconds long. Many free piles detection camps held in Vijayapur, Chennai, Bhopal, Jalandhar, Bhiwani, and others in cities in individual capacity.

ASICON 22 was held in Mumbai, and on 24 December ACRSI Sectional program was held between 9 am to 12 noon. The program had 3 Orations, Dr. Nisar Chowdri, Dr. Avinash Supe and Dr. Venkatesh Munikrishnan. panel discussion on ODS led by Dr. Pradeep Sharma. We had the EC meeting and an Emergency AGM at Mumbai, as it was election year, and as we were to increase the number of seats based on number of members in each zone. AGM ratified the post of Joint Secretary, Editor, Joint Editor and abolished the post of Vice President. Now members from each zone would be Executive Committee members like in the ASI. The seat distribution is West zone 4, Central, North and South zone 3 each and East zone 2 seats. The election process from June to August 23. The first program in 2023 was organised by Dr. Roy Patankar at Zen Hospital. Entitled "Anorectal Masterclass" it had live surgery and talks by the experts. Over 2000 surgeons took part, online and offline. Dr Nitesh Jhawar managed the CME and exceptional surgical workshop.

February 2023 witnessed multiple free "Colorectal Cancer detection camps" were held in Chennai from 4 to 10 Feb 2023 by Dr. Kannan and Dr. Kanagavel and their team. They also conducted a Walkathon for "Colorectal Cancer Awareness" Chennai. There was a tremendous response by the public and doctors. Team ACRSI wishes to promote COLORECTAL CANCER AWARENESS RALLY, MARATHON and CYCLE RALLY across the country in March 2024 and to involve onco-surgeons in your city.

The next program was in Amritsar on February 16, 2023, went off successfully, and much to our surprise a fully house. Dr. Kamal Gupta ably organised the CME. Dr. Naupreet Singh gave us a melodious flute recital.

A Colorectal Cancer Awareness camp was conducted at Vijayapur on 18 Feb 2023 by Dr. Jaspal Tehalia. I must confess, the number of programs in South zone is simply phenomenal. Let's do the same for the other zones. Colorectal Surgery Update Program was organized by Dr. Brij Bhushan Agarwal and Dr. Neeraj Dhamiji at Gangaram Hospital, Delhi, on 20 Feb 2023. Attended by all acclaimed senior surgeons of Delhi. The speakers Prof Roland Scherer, Germany, and Prof Soren Laurberg from Denmark, talks with two live surgeries. Dr. Ashok Ladha, Past President ACRSI, conducted a Live Surgery workshop entitled "Septa" at Jupiter Hospital on 26 Feb 2023. Demonstration of 4 Proctology procedures under Septa Block. It was surely an eventful period for Team ACRSI, from Sept. 22 to Feb 23. Team ACRSI "Keep it up".

ACRSICON 2022 - JAIPUR - 22 SEPT, 2022

45 TH NATIONAL CONFERENCE OF ACRSI

MESSAGE FROM ORGANIZING TEAM

Greetings Dear Members,

At the outset we would like to thank all of you from bottom of our heart for your enthusiastic participation in the 45th National Conference of the Association of Colon & Rectal Surgeons of India, the ACRSICON 2022 held at Jaipur from 22nd to 24th of September 2022. The conference was indeed an extravagant event which was made more special by your participation. Over the period of three days the best minds in the field of coloproctology from all over the country & even from abroad deliberated & presented their experience in this conference. This academic cum cultural gathering provided an excellent platform for practicing surgeons to learn from the stalwarts & get updated to current

practices in management of various diseases of the ano- colo-proctology. Also the conference promoted research in form of paper, e-poster presentations from post graduate students as well as the senior faculty members. The presentation of various ongoing researches and a call for collaboration in upcoming research projects was one of the highlights of scientific excellence of this conference. Another noteworthy incident of this conference was the overwhelming gathering of Hall-B, dedicated to malignancies.

signed to engage maximum audience. The Organizing team would like to take a moment to thank the National Executive Body of the Association of Colon and Rectal Surgeons of India (ACRSI) for their immense faith and guidance which helped the conference achieving the success it deserved. We also like to thank all our sponsors and partners for their support. Overall the success of the conference is the success of the whole ACRSI family and we would like to thank each and everyone of you once again.

Organizing Team ACRSICON 2022 Jaipur. This again proved the efficacy of a well curated scientific program de - Message from Organ.

MASTERCLASS ON TRAUMA

The conference started with a bang with Masterclass on Trauma focussing on the colorectal and perineal injuries. Dr. Satish Dharap moderated the session as well as introduced the topic. Other speakers were Dr. Mohit Badgurjar, Dr. Shyam Gupta, Dr. Bharti Pandya, Dr. Ramkaran Chaudhary and Dr. Winston Noronha.

www.acrsi.org

secretary@acrsi.org

INVITED TALKS

With around twenty speakers delivering lectures on their experiences comprising of a variety of topics from the field of coloproctology, the conference had excellent academic deliberations. Dr. Pratap Sinh Varute, Hon. Treasurer ASI, Dr. Shiva K Misra, Dr. Siddharth Dubhashi, Dr. Ajay Rane and many distinguished speakers presented their talks.

www.acrsi.org

secretary@acrsi.org

INVITED TALKS

Prof. Ding Kefeng from China presenting his talk on LISH (Laparoscopic Ileocecal sparing Hemicolectomy) via virtual platform.

www.acrsi.org

secretary@acrsi.org

INVITED GUEST LECTURES

Dr. C Palanivelu, renowned minimal access surgeon, Dr. Himanshu Yadav and Dr. Rohin Mittal were invited guests who presented on colorectal malignancies, anastomotic leaks and tissue management respectively.

DEBATE

The lively debate conducted by Dr. Tamonas Chaudhuri was another extravagant feature of the conference.

www.acrsi.org

secretary@acrsi.org

PANEL DISCUSSIONS

Another highlight of this conference were the panel discussions. The sharing of knowledge from the stalwarts of coloproctology and expert panelists were real academic treat.

www.acrsi.org

secretary@acrsi.org

PANEL DISCUSSIONS

With moderators like Dr. Parvej Sheikh, Dr. Ashok Ladha, Dr. Sandeep Nayak, Dr. Arshad Ahmad, Dr. Robindera Dr. Balachandran, Dr. Parvin Gore the discussions were enlightening.

www.acrsi.org

secretary@acrsi.org

ORATIONS

PRESIDENTIAL ORATION

The session was chaired by Dr. Kushal Mital, Dr. Pradeep Sharma, & Dr. G Siddesh. President Dr. Nisar Chowdri spoke on topic “My Journey as Colorectal Surgeon”

DR. P. N. JOSHI ORATION

Dr. Nisar Chowdri, Dr. Kushal Mital, Dr. Bhanwar Lal Yadav were the chairpersons. President ASI Dr. G. Siddhesh delivered the oration on “Surgical Team Leadership”

DR. R. K. MENDA ORATION

Dr. Parvez Sheikh, Dr. Ashok Ladha, Dr. Ashok Gupta chaired the session with Dr. Niranjana Agarwal delivering lecture on “Simplifying complex Anal Fistula.”

SYMPOSIA

**Symposium on
Anal Incontinence was
Moderated by Dr. Ashok
Gupta and the panelists
were Dr. Rajat Raguhnath
and Dr. Ilario
Froehner**

**The Symposium on Constipation and ODS was moderated by
Dr. Brij Agarwal with panelists Dr. A Porwal, Dr. Vasu Vashistha,
Dr. Senthil G, Dr. Shashank Sharma, and Dr. Gaurav Gupta**

**The moderator for symposium on Pilonidal Sinus was Dr. Pradeep
Sharma and the panelists were Dr. Anjali Dawle, Dr. Atul Deshpande,
Dr. Sanjay Singla, Dr. Bhanwar Lal Yadav, Dr. Jagdish Thakuria**

ACRSI COLONOSCOPY COURSE – LOTUS HOSPITAL, ERODE, TAMIL NADU – 29 - 30 OCT, 2022

Faculty: Prof. Easwaramoorthy, Dr. Ramaprabha, Dr. Sakthivel, Dr. Rajaram and the Team had a well-structured, executed ACRSI colonoscopy course on 29 and 30 Oct 2022.

This course will be replicated in each of the 5 zones of India.

It was a much need Colonoscopy course for surgeons, to train surgeons to have their own Colonoscopy setups.

Event was for 2 days.

Prof. Dr. Nisar Chowdri Inaugurated the first ACRSI colonoscopy course

- Thought provoking didactic lectures by the senior Faculty
- Hands on colonoscopy training for all 20 delegates on 22 cases
- Training on Simulators - St Marks colonoscopy plastic model
- Detailed discussion on sterilisation of colonoscope
- Panel discussion on colonoscopy complications and management

The delegates appreciated the contents & all aspects of the course. Done under supervision of Dr. R Kannan, Vice President, South-zone ACRSI.

ACRSI COLONOSCOPY COURSE

(Simulation Module Exercises)

1. St Mark's Colonoscopy Plastic model

- Learn the parts of the colonoscope
- Understand all the basic colonoscopic movements
 - o Tip deflection: up & down/ right and left
 - o Torque: clock wise and anti-clock wise
 - o Pushing forward / Pulling back
 - o Air insufflation/Suction
- Understand advanced colonoscopic movements
 - o Jiggling
 - o Shaking
 - o Right and left hand shortening

2. Virtual Simulation model

- a. Navigation skill
- b. Targeting
- c. Understand loop formation and loop reduction

3. Animal Tissue model

- a. Targeting
- b. Tissue sampling
- c. Submucosal saline cushion
- d. Basics of colonoscopic polypectomy

4. Table top Exercise with colonoscope

- a. Demonstration of N loop and Alpha loop
- b. Understand the Loop reduction steps

4TH FEB – #WORLD Cancer DAY

Together we can make an impact!!

In solidarity with the UICC's 3-year campaign for impact in Cancer Care we should all do our efforts to bridge the gap in cancer care by whatever means we can whether teaching the masses about high risk factors & at risk populations, lifestyle modifications, preventive methods, screenings or by working towards making cancer care accessible & affordable to masses. As we enter the 2nd year of UICC's 3- year campaign, let's pledge to be a part of this year's theme #UnitingOurVoicesAndTakingAction. We all have the capability to make a difference whether small or big and we all together can make a huge impact & difference.

District Legal Services Authority in Collaboration with Association of Colon & Rectal Surgeons of India Celebrated World Cancer Day by joining hands in spreading the awareness about cancers and helping in closing the cancer care gap due to ignorance! Right to Health is a Basic Right and we together can make a difference. Around 150-200 people participated in the webinar held on 4th Feb 2023 on the topic 'Let us Close The Care Gap By Creating Awareness).

District Legal Services Authority Anantnag
